Why Choose GSA MAS ?

Services Include:

System Engineering

Backend Service

UX/UI Design

Product Sustainment

Field Support

Mobile Development

Air Transportation

Software Development

Mobile Device Management (MDM)

Network/Sensor Integration

GSA MAS Benefits Include:

- The GSA Industrial Funding Fee (IFF) is less than 1% and is built into our GSA schedule rates
- The most efficient contracting option with the lowest passthrough fees
- GSA Task Orders are governed by FAR Part 8.4, rather than FAR Part 15, so there are significantly fewer documentation steps and requirements
- FAR Part 8.4 allows for a significantly simplified evaluation of bids, as compared to the formal SSEB required by FAR Part 15
- GSA MAS pricing has already been negotiated and determined fair and reasonable, so no cost analysis required
- Broad Service Offerings available
- Shorter solicitation process via eBuy with only a 48 hour posting, rather than 30 days on SAM
- Contract is valid through October 2025 with renewals out through 2030
